# CompDoor

Add the composite door product to your Evolution software for quoting and manufacturing.

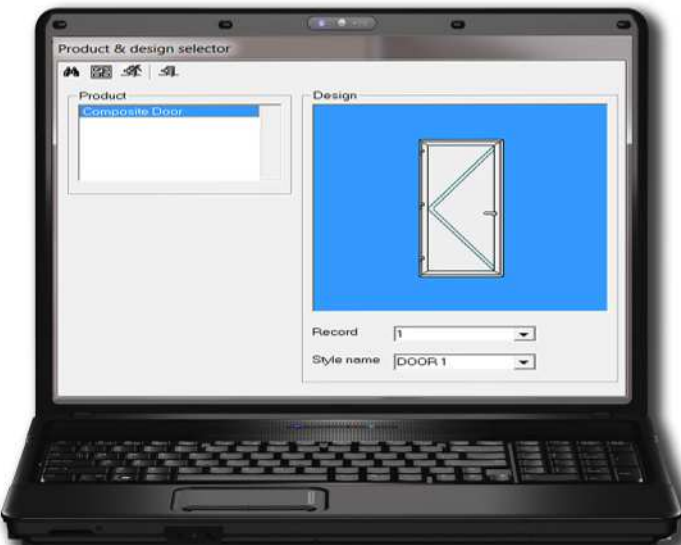

You will be able to:

- Process a composite door & see what design your processing
- Receive detailed work sheets
- Order slabs using reports from the system as well as being able to verify the design with the customer

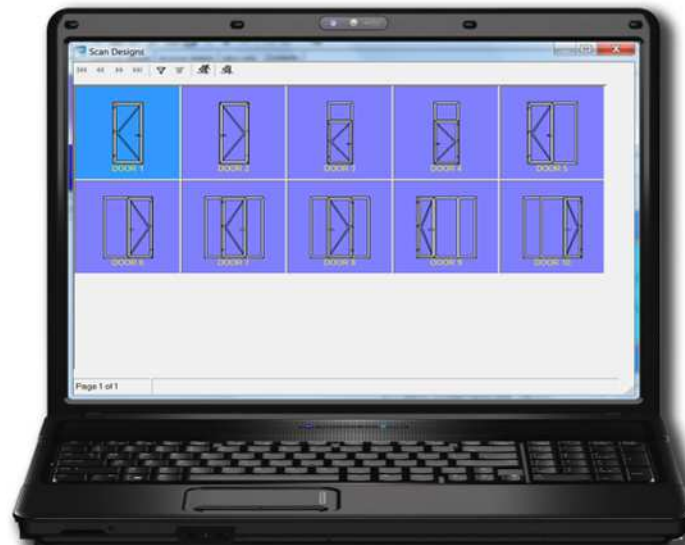

*Process from a simple selection screen*

From as little as .... £400 + VAT

*Simply select the product from the menu*

*Choose from a range of designs*

*Create composite door orders*

# CompPortal - Option 2

Let Business Micros create a bespoke composite door designer for you and add it to your web site for design, order and pricing online.

You will be able to have:

- Your own personalised portal inline with your corporate design
- Online access for your customer to use your designer
- The option of having orders placed directly into your system

Contact Sales for more information

# CompPortal - Additional Information

Providing I.T solutions to the industries leading composite door suppliers and many others.

## Technical Information

We can host your door designer portal for a small additional charge.

However if demand dictates or you prefer to host the portal on your own server then it must be a Windows Server based operating system running IIS.
